Figura: Discontinuidad múltiple

Figura: Paso 1

Figura: Paso 1

$$E_T = E_i + E_r = E_i(1 + \rho_1) = E_i - E_i/2 = E_i/2 \tag{1}$$

Figura: Paso 2

$$(E_i/2) + (E_i/2)\rho_2 = E_i/2$$
 (2)

Figura: Paso 3

$$E_i/2 + E_i/2 + E_i/4 = E_i5/4$$

Figura: Paso 4

$$E_i 5/4 + E_i/4 = E_i 3/2 \tag{4}$$

Figura: Paso 5

$$E_i 5/4 + E_i/4 + E_i/8 = E_i 13/8$$
